The November "Numismatist"

announced the death of

GEORGE CARPENTER ARNOLD

"One of the oldest members of the A. N. A. and the greater part of his life a dealer in coins, who died on September 20th, 1938."

His A. N. A. number was "67". His coin business was conducted under the name of "The Arnold Numismatic Company".

For three years, due to failing health, Mr. Arnold had been unable to conduct the coin business, and his very large stock of United States and Foreign coins remains intact.

It will be my pleasure to offer the first portion of this collection at Public Sale,

Parker House, Boston Mass.,

sometime during the month of April, 1939.

The stock consists of hundreds of uncirculated and proof coins; copper, silver and gold. Descriptive catalogue will be mailed to those on my mailing list, or to anyone requesting one.

Are you a

NUMISMATOLOGIST

or just a

COLLECTOR?

We read in Numismatic papers and magazines that certain half-cents and large cents have been attributed to H., D., C., A., G. or N., that Hays, Doughty, Crosby, Andrews, Gilbert, Newcomb, Wurtzback, Clapp, Hines and many others have spent hours, weeks and months in studying the United States coppers and have affixed a number to each variety, thus enabling us to classify our own coins and enjoy having not only one, but several of each date, struck from different dies, as attributed by the above mentioned students. When we can do that, we will be accepted as a NUMISMATOLOGIST.

I have been informed that Mr. Newcomb is working on a classification of large cents which will embody the works of all the other specialists and include hundreds of cents not classified by them. This book probably will be used universally by Dealers in listing for auction sales and will stimulate interest in collecting varieties.

Has it ever been your good fortune to talk with a real honest-to-goodness Numismatologist, to see his coins and listen to the history of the many die varieties found under the same dates? A few weeks ago it was my pleasure to visit one of our oldest A. N. A. members, Mr. Henry C. Hines of New Jersey; time, 10:30 A. M. and Henry was just returning to his apartment after breakfast. I noticed on the top of his desk, at least a hundred large cents, arranged there for comparison and study. He had just acquired the lot, all dates in the forties and fifties, and had worked on them until four o'clock that morning. He felt, however, that the discovery of several new varieties, not previously listed, amply repaid him for the loss of a night's sleep.

I predict that Mr. Newcomb's new book, when available, will make many new, Die Variety Collectors, so why not start now? It is not necessary to buy the high priced cents to have an interesting die variety collection. The following cents have been attributed by a well known collector and offer to the amateur collector, many die varieties at reasonable prices. START NOW.
